

## American Romney Breeders Association Futurity Results for 2025

This year there were thirty-two nominations from six breeders, from five states for our Futurity Program. Eleven youth participated with twenty-two head, by returning their post show placement paperwork. ARBA collected \$640 from these nominations and 100% gets returned to the participating youth based on point accumulations from each show. See results below.

The Futurity Program for 2026 is underway and nominations can be submitted on either ewe lambs or yearling ewes bought or home grown. See specific rules on ARBA's website for details. Once nominated, it is up to the youth to submit verification of placement for each show that the lamb/yearling ewe participates in. The form needs to be submitted within 2 weeks of each show. Points are accumulated throughout the show season and placings are realized at the end. Checks will be sent out after official results have been announced.

### **White Home Raised Romney Yearling Ewes (none nominated)**

#### **White Owned Romney Yearling Ewes**

First Place	Katelyn Oberholtzer (PA)	Morton 0293	Emma Rogers (CT)
